Looking for housing?

Services offering assistance:

SAAP – Supported Accommodation Assistance Programme

SAAP provides short to medium term accommodation **and support** for people who are in housing crisis. A worker will help you with acquiring long term housing and with other underlying issues contributing to your homelessness.

TAASQ

The Tenant Advice & Advocacy Service of Queensland can assist you with tenancy issues.

One Social Housing System

The Qld Government has introduced the One Social Housing System whereby housing is allocated on a basis of need.

The system is no longer a 'wait your turn' system where people were offered a property after being on a wait list.

To be eligible for housing with Qld Housing people will be assessed on their level of need.

When making an application for housing we recommend that you register for both Community and Public Housing which are both managed by Department of Housing.
